adonaivillalobos31@gmail.com | Utah, USA

A software developer completing a bachelor's in software development at BYU–Idaho, with hands-on experience building and deploying full-stack web applications using React, Next.js, TypeScript and Tailwind CSS. Completed a frontend development internship at Frontend Simplified, building responsive, API-driven interfaces. Brings over a year of experience at a SaaS company, troubleshooting issues, communicating with users and collaborating across teams.

Professional Experience

Frontend Simplified Institute — **Remote | October 2026**
Frontend Developer Intern

- Recreated the Skinstric AI skin-analysis website with Next.js and Tailwind CSS, integrating REST APIs for form submission and Base64 image upload and building camera selfie capture.
- Built responsive layouts for desktop, tablet and mobile with hover and rotation animations, and deployed the site to Vercel.
- Rebuilt sections of the Ultraverse NFT marketplace in React, displaying live data from REST APIs (Hot Collections, New Items).
- Worked in a feature-branch workflow on GitHub, opening one pull request per section.

Canopy, Inc. — **August 2026 - Present**
Account Manager, SMB I

- Co-manage ~4,000 small-business accounts on a SaaS platform serving CPA firms, using Salesforce, Zuora and Gainsight.
- Identify retention risks and upsell opportunities from account data, and meet assigned revenue and retention targets.

Canopy, Inc. — **September 2025 - August 2026**
Customer Support Specialist – Tier 1

- Troubleshot technical issues in a SaaS platform by chat, email and phone, escalating complex cases with clear documentation.
- Reported recurring issues to internal teams to improve product usability, and contributed to the knowledge base.

Budget Rent a Car, Salt Lake City Airport | ***Station Manager*** — **May 2025 - August 2025**
The Hoxton Charlottenburg | ***Night Manager*** — **April 2023 - March 2025**
Crowne Plaza Hotel Potsdamer Platz | ***Night Auditor*** — **December 2021 - April 2023**
Hotel Sansi Diputació, Barcelona | ***Night Receptionist*** — **August 2019 - June 2021**
Hotel Kristoff, Maracaibo | ***Night Receptionist*** — **July 2018 - April 2019**
Innovaciones Químicas de Venezuela | ***Administrative Assistant*** — **July 2015 - July 2017**
The Church of Jesus Christ of Latter-day Saints | ***Full-Time Volunteer Missionary*** — **July 2013 - July 2015**

Projects (personal)

StudyBuddy: *Live Demo* | *Github Link*
A study-planning app that helps students organize study schedules and track progress across courses

- Built authenticated create, update and delete flows with Next.js Server Actions, Zod validation and Clerk-protected routes, backed by a Supabase database; deployed on Vercel.

LDS Sacrament Meeting Planner: *Live Demo* | *Github Link*
A meeting planner for organizing sacrament meetings

- Built with the Next.js App Router, TypeScript and serverless Neon Postgres, with URL-based search and pagination, Server Actions with Zod validation, and accessible forms.

Technical Skills

Programming Languages: TypeScript, JavaScript, HTML, CSS, Python
Frameworks: React, Next.js, Node.js, Express, Tailwind CSS, Supabase, Clerk, Zod
Tools & Other platforms: Git, GitHub, Vercel, VS Code, REST APIs, PostgreSQL (Neon), MySQL, MongoDB

Education:

Brigham Young University–Idaho | Bachelor's in Software Development (in progress)
Certificates: Web & Computer Programming; Web Development
Frontend Simplified Institute | Frontend Development Bootcamp (Internship) — **October 2026**
Degrees: Associate Degree in Human Resources, Jesús Enrique Lossada University Technical Institute, Maracaibo, Venezuela (2011)

Other

Interests: Anime, content creation, exploring AI tools
